Two Diploma Paths

- 1) TOPS University Diploma if you definitely want to attend a 4 year university after graduation and be *eligible* for TOPS Opportunity, Performance, or Honors. This coursework is required for admission to a 4 year university.
- 2) TOPS Tech Jump Start (Career Diploma) if you would like to attend a Community College, Technical School, or start a career after graduation. This track provides career courses and workplace experiences leading to industry certifications in career fields most likely to lead to high-wage jobs. Students can attend a 4 year college, but must first attend a community college first.

All students begin high school following the TOPS University diploma track, unless otherwise stated by parents. The decision to move from the TOPS University diploma to the Jump Start diploma will be made at the end of 9th grade or 10th grade year.

Currently under Jumpstart there is 47 current pathways with varies levels of credentialing and certifications to graduate.

- 20 Statewide Pathways
- 10 Integrated Pathways
- 17 Regional Pathways

- ▶ University of New Orleans Online Dual Enrollment, seniors can take an online college level class as long as they have a 20 ACT composite, ACT sub scores of an 18 in ELA and 19 in math with a 3.0 GPA. Students are responsible for paying \$150 plus cost of materials

LPPS Class Rank Policy

- ▶ Students who do student worker or dual enrollment may have a negative impact on their class rank. Dual enrolled classes are NOT weighted.
- ▶ For rank in class purposes, only quality points based on a maximum of 28 credits for high schools is conducted after seniors grades are stored 2nd semester.
- ▶ The rank in Power School does not exclude any courses so students who have earned more than 28 credits are at an advantage, therefore the rank in class is not accurate. To ensure accuracy and follow policy we must perform some manual steps to ensure accuracy. This will require reviewing the transcripts of students earning more than 28 credits and excluding the lowest class(s) over the credit limit from Class Rank. Students who have under 28 credits will receive zero quality points up to 28 credits.
